Summary

As a cybersecurity enthusiast with a passion for protecting digital assets, I am dedicated to staying at the forefront of the cybersecurity industry. With skills in penetration testing, ethical hacking, and securing networks, I am confident in my ability to provide valuable insights and recommendations to enhance digital security measures.

My commitment to the cybersecurity field extends beyond my current skills, as I am always eager to learn and expand my knowledge. I have a track record of acquiring new skills and staying up-to-date with the latest industry developments, including new cybersecurity threats and defense mechanisms.

As a professional in the cybersecurity industry, I am committed to collaborating with organizations and individuals to build and maintain secure digital environments. I am confident that my skills, experience, and passion for cybersecurity make me a valuable asset to any team looking to enhance their digital security measures.

Experience

GAIN AND SHINE

Founder

January 2023 - March 2023 (3 months)

Madanapalle, Andhra Pradesh, India

As a Young Security Professional i Committed to Share My Knowledge in the form of an Company/Academy I Soo... We Started a Learning Platform Called Gain and Shine with Making people Expert's in Cybersecurity and Android Developer and many More ... Let's #LEARN_GAIN_&_SHINE

TryHackMe

CTF player

January 2022 - March 2023 (1 year 3 months)

India

As a CTF (Capture the Flag) player in TryHackMe, I am highly skilled in penetration testing and have achieved a top 1% world rank, ranking at 235 in India. I have extensive experience in performing various security tests and assessments to identify vulnerabilities and weaknesses in systems, networks, and applications. My expertise includes exploiting vulnerabilities, reverse engineering, cryptography, and more. Through TryHackMe, I have honed my skills and demonstrated my proficiency in various cybersecurity domains, including web application security, network security, and digital forensics. I am committed to continuously improving my skills and knowledge to stay ahead of the ever-evolving cybersecurity landscape.
